

The air hums with power as the Dark Angels Librarius Conclave bears down upon the foe. In their midst strides Ezekiel, Grand Master of Librarians, his psychic might stretching out to join with the minds of his brothers. Concentrating their powers into a single, razor-sharp psychic blade, the Librarians drive their manifest will far across the battlefield to impale the psyches of their foes. Enemy warriors stumble to their knees with their hands clamped to their heads, screaming and thrashing in agony as they weep bloody tears. Driving their mind worms deeper, the Librarius Conclave mine every last thought and secret from their victims' consciousnesses, before snuffing out their lives with a final, vicious surge of power. All the while, the conclave's battle-brothers maintain their grim scowls, barely a tic or twitch marring their statuesque composure as they aid one another in butchering the minds of their foes.
