

THE FIRST TRADITION:

THE MASQUERADE

Thou shalt not reveal thy true nature to those not of the Blood. Doing so shall renounce thy claims of Blood.

THE SECOND TRADITION:

THE DOMAIN

Thy domain is thy concern. All others owe thee respect while in it. None may challenge thy word in thy domain.

THE THIRD TRADITION:

THE PROGENY

Thou shalt sire another only with permission of thine elder. If thou createst another without thine elder's leave, both thou and thy progeny shall be slain.

THE FOURTH TRADITION:

THE ACCOUNTING

Those thou create are thine own childer. Until thy progeny shall be released, thou shalt command them in all things. Their sins are thine to endure.

THE FIFTH TRADITION:

HOSPITALITY

Honor one another's domain. When thou comest to a foreign city, thou shalt present thyself to the one who ruleth there. Without the word of acceptance, thou art nothing.

THE SIXTH TRADITION:

DESTRUCTION

Thou art forbidden to destroy another of thy kind. The right of destruction belongeth only to thine elder. Only the eldest among thee shall call the blood hunt.

ARMOR CHART

Class	Armor Rating	Penalty
Class One (reinforced clothing)	1	0
Class Two (armor T-shirt)	2	1
Class Three (Kevlar vest)	3	1
Class Four (flak jacket)	4	2
Class Five (full riot gear)	5	3

Armor adds its rating to the character's soak dice pool against bashing damage, lethal damage, and aggravated damage from fangs and claws. It does not protect against fire or sunlight. However, armor also subtracts a number of dice from dice pools related to bodily coordination and agility (most Dexterity-based dice pools). This is reflected in the penalty listing. Attackers may make targeting rolls to hit unprotected portions of a defender and thus ignore the armor (Storyteller assigns difficulty penalty — typically +1 or +2).

Damage: Indicates the damage dice pool. Versus mortals, firearms are considered lethal damage. Versus vampires, firearms are considered bashing damage unless the head is targeted (see "Targeting," p. 209), in which case the damage is considered lethal.

Range: This is the practical shot range in yards. Weapons may be fired at twice this distance, but the attacks are considered long range (difficulty 8).

Rate: The maximum number of bullets or three-round bursts the gun can fire in a single turn. This rate does not apply to full-auto or spray attacks.

Clip: The number of shells a gun can hold. The +1 indicates a bullet can be held in the chamber, ready to fire.

Concealment: P = Can be carried in the pocket; J = Can be hidden in a jacket; T = Can be hidden in a trenchcoat; N = Cannot be concealed on the person at all.

*Indicates the weapon is capable of three-round bursts, full-auto and sprays.

**The crossbow is included for characters who wish to try staking an opponent. Crossbows require five turns to reload. Unless the crossbow is aimed at the head or heart, it inflicts bashing damage on Kindred. It inflicts lethal damage versus mortals.

COMBAT SUMMARY CHART

Stage One: Initiative

- Roll initiative. Everyone declares their actions. The character with the highest initiative performs her action first. Actions can be delayed to any time later in the order of initiative.

- Declare any multiple actions, reducing dice pools accordingly. Declare Discipline activation and Willpower expenditure.

Stage Two: Attack

- For unarmed close-combat attacks, roll Dexterity + Brawl.
- For armed close-combat attacks, roll Dexterity + Melee.
- For ranged combat, roll Dexterity + Firearms (guns) or Dexterity + Athletics (thrown weapons).
- A character can abort to a defensive action (block, dodge, parry) at any time before her action is performed, as long as you make a successful Willpower roll (or a Willpower point is spent).

Stage Three: Resolution

- Determine total damage effect (weapon type or maneuver), adding any extra dice gained from successes on the attack roll.
- Targets may attempt to soak damage, if possible.

DIFFICULTIES

Three	Easy (installing software on a Macintosh)
Four	Routine (changing a tire)
Five	Straightforward (seducing someone who's already "in the mood")
Six	Standard (firing a gun)
Seven	Challenging (replacing a car's sound system)
Eight	Difficult (rebuilding a wrecked engine block)
Nine	Extremely difficult (repairing a wrecked engine block without parts)

DEGREES OF SUCCESS

One Success	Marginal (getting a broken refrigerator to keep running until the repairman arrives)
Two Successes	Moderate (making a handicraft that's ugly but useful)
Three Successes	Complete (fixing something so that it's good as new)
Four Successes	Exceptional (increasing your car's efficiency in the process of repairing it)
Five or More Successes	Phenomenal (creating a masterpiece)

+ Denotes a blunt object. Blunt objects inflict bashing damage unless targeted at the head (see "Targeting," p. 209). If so, they inflict lethal damage.

* May paralyze a vampire if driven through the heart. The attacker must target the heart (difficulty 9) and score three damage successes.

HUNTING

For each hour the vampire spends searching for human prey, allow the player to make a Perception roll against a difficulty based on the area in which the vampire hunts.

Area	Difficulty
Slum neighborhood/The Rack	4
Lower-income/bohemian	5
Downtown business district	6
Warehouse district	6

Humanity	current rating x 2
Willpower	current rating

* Caitiff have no clan-based Disciplines, just as they have no clan. For them, the cost of raising Disciplines is the current rating x 6 for all Disciplines. This is both a curse and a blessing of being Clanless.

** Increasing a Virtue through experience does not increase Traits based on that Virtue (Humanity, Willpower).
