

Tuesday Terribles

Vikki Cantfield

Shan Loving Party Girl, Cultist

Submitted by Whiskey

Vikki Cantfield is infamous among urban club goers and always the life of a party. Born the lucky rich girl, she is free to do as she pleases, where she pleases. She claims to be a mystic (or a witch) and is accepted as such among her party-going peers. She's a member of several mystic occult groups (in the 1920's) or an infamous online occultist/blogger in the modern day. Her carefully cultivated reputation as a practitioner of magical arts serves to make her even more popular among her chosen crowd.

Her natural charisma, wickedness, and occult knowledge are what attracted the Shan to her. Originally chosen as a sacrifice to Azathoth, she was instead recruited to their cult and turned into a willing slave. The ability of the Shan to manipulate the pleasure centers of the brain far exceeds any drug-induced high and is very addictive. Today, Vikkie is often controlled by an insect from Shaggai.

A couple of evenings each week she stalks the club scene looking for potential recruits, slaves, or sacrifices for the cult. Likewise, she makes a pretense at pursuing her occult studies for the same reasons. The insects use various spells, including cloud memory, drugs, and hypnosis to keep her controlled or sedated while the Shan are inactive. Vikki is a useful tool for the time being. It's only a matter of time however before they become bored with her.

Adventure Hooks

Vikki's Father hires the investigators to find out who she has fallen in with after she becomes estranged from her family

One of the investigators may become infatuated with Vikki and find themselves falling prey to the Shan cult.

The investigators may come to her attention in occult circles. She may even hire them to track down some object the Shan desire, set on the trail of a rival cult the Shan want exposed or destroyed, or even protect her from someone seeking to destroy her cult. The investigators may in fact do several jobs for her before realizing her nature. If hired by Vikki, odds are the investigators will eventually be chosen as sacrifices or slaves themselves.
